JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

health. They carried crews of 408 persons, and 110 passengers from this port. Three of these vessels were fumigated for Gulf ports and Baltimore.

*Report from Veracruz—Inspection and fumigation of vessels.*

Acting Assistant Surgeon Frick reports, October 14:

Week ended October 12. October 6: Fumigated the British steamship *Coniston*, bound for Port Arthur with 25 in the crew; vessel sails in ballast with time of last exposure at 7.50 a. m. Fumigated the Norwegian steamship *City of Mexico*, bound for New Orleans via Tampico with 25 in the crew and 6 passengers; vessel sails in the remainder of an American cargo with time of last exposure at 9 a. m.

October 8: Fumigated the French steamship *Bordeaux*, bound for New Orleans via Tampico with 49 in the crew; vessel sails in the remainder of a European cargo with time of last exposure 8.40 a. m. Inspected the British steamship *Candidate*, bound for New Orleans via Coatzacoalcos with 41 in the crew; vessel sails in the remainder of a European cargo. The *Candidate* sailed October 11. Inspected the American steamship *Mexico*, bound for New York via Progreso and Habana with 129 in the crew, 59 cabin and 13 steerage passengers; vessel sails in a general cargo. The *Mexico* sailed October 11.

October 11. Fumigated the British steamship *Fernfield* bound for Mobile with 27 in the crew; vessel sails in ballast with time of last exposure at 1.15 p. m. This vessel failed to sail and was therefore refumigated October 12, and sailed the same day with time of last exposure at 7.15.

October 13. Fumigated the British steamship *Cayo Soto* bound for Galveston via Tampico with 30 in crew; vessel sails in the remainder of a European cargo with time of last exposure at 7.30 a. m. A bill of health was issued the British steamship *Wearside*, which vessel expects to sail October 13.

No quarantinable disease was reported during the week.

NICARAGUA.

*Reports from Bluefields, fruit port—Stegomyia calopus present.*
